Property 3519 Bonnieux

5 minutes from Bonnieux, this sublime bastide is located in a preserved environment, enjoying postcard views of the surrounding countryside and Bonnieux. The structural work has been carried out by the current owners, it remains to finish the property according to your tastes. A spectacular living room has been created, taking advantage of a 2-storey ceiling height, and a huge corten aluminum bay window overlooking the cypress perspective and the view. 11 bedrooms are planned as well as a private lift, while an apartment will be able to accommodate a caretaker and his family. A wellness area overlooking an intimate courtyard has been planned (space to install Hammam/Sauna, showers, excavation for indoor swimming pool already carried out)... Outside, a perspective with cypresses and a fountain has been created to highlight the breathtaking view, while several courtyards make it possible to preserve intimate spaces. A wood, in which a walking path has been laid out, pleasantly complements the green spaces. Finally, once past the large old gate, an alley of cypresses elegantly leads the visitor to a large car park, a pedestrian path then leading you to the typical Provençal reception courtyard, shaded by a century-old cedar.
